

ASTRALARCH

“TRANSFORMING SPACES ENHANCING LIVES”

AstralArch is a multidisciplinary design and build firm specializing in turnkey interiors, architectural execution, fit-out solutions, and MEP services across retail, corporate, hospitality, and residential sectors.

Established in 2018, we have built a strong reputation for delivering innovative, functional, and detail-oriented spaces through seamless planning, technical expertise, and quality execution.

With PAN India operations, our team focuses on creating spaces that blend aesthetics, efficiency, and long-term value.

Our Work Process

Consultation

- Understanding client vision, project goals, functional requirements, budget, and timelines.

Design Development

- Space planning, concept creation, material selection, technical drawings, and visualization development.

Planning & Coordination

- Project scheduling, resource allocation, vendor coordination, procurement, and site preparation.

Execution & Site Management

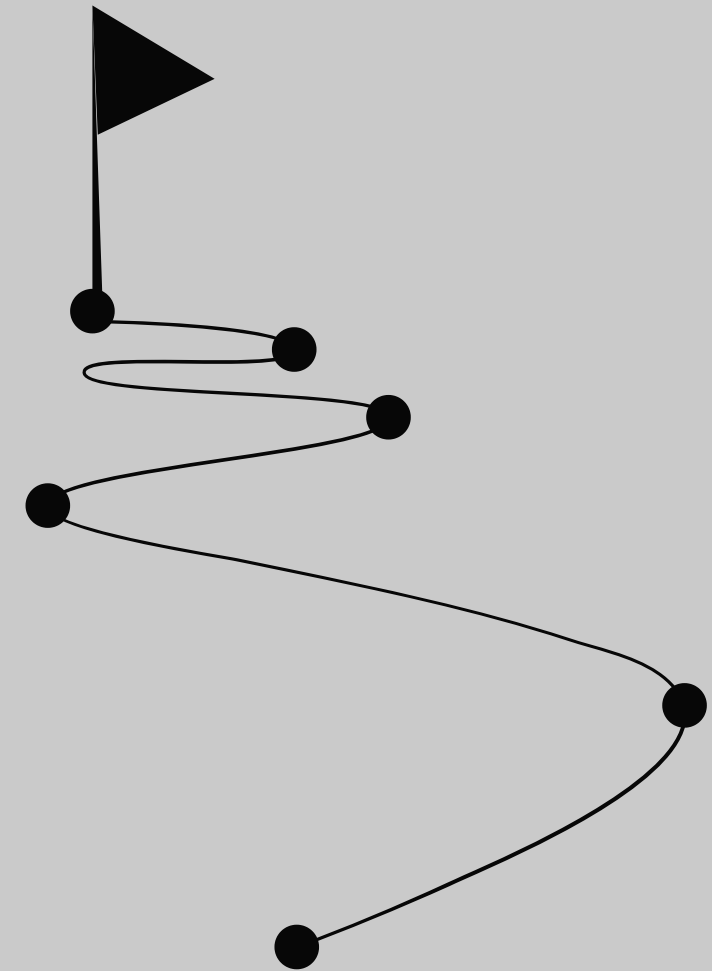

- Quality-controlled on-site execution with continuous supervision, safety standards, and timely coordination.

Quality Check & Finishing

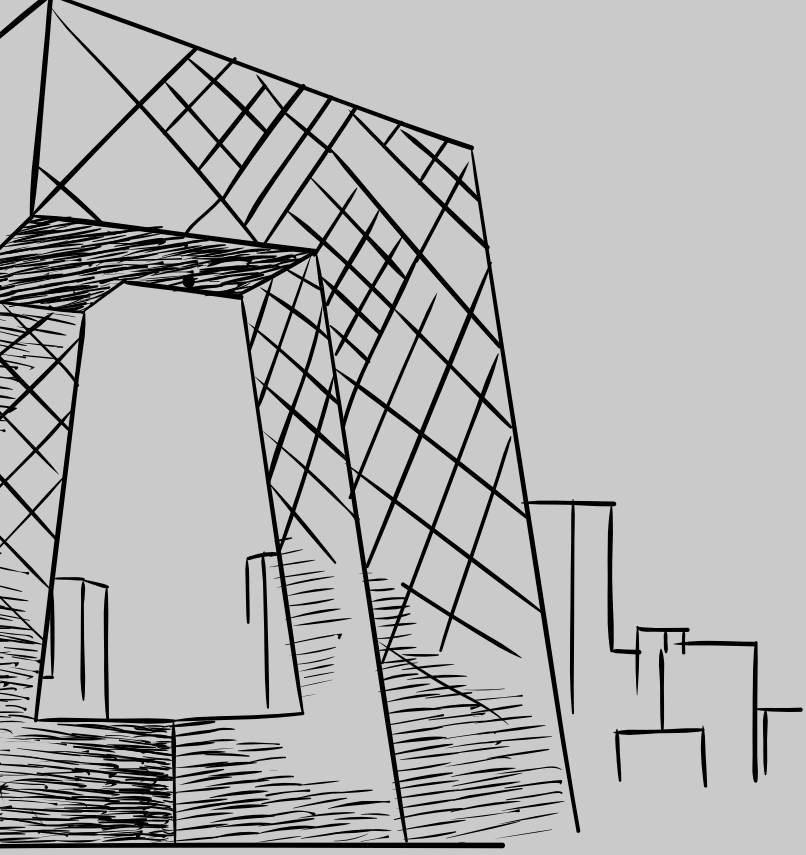

- Detailed inspections, finishing execution, snag corrections, and final detailing to ensure premium delivery.

Project Handover & Support

- Smooth project handover with client walkthrough, final approvals, and post-project support assistance.

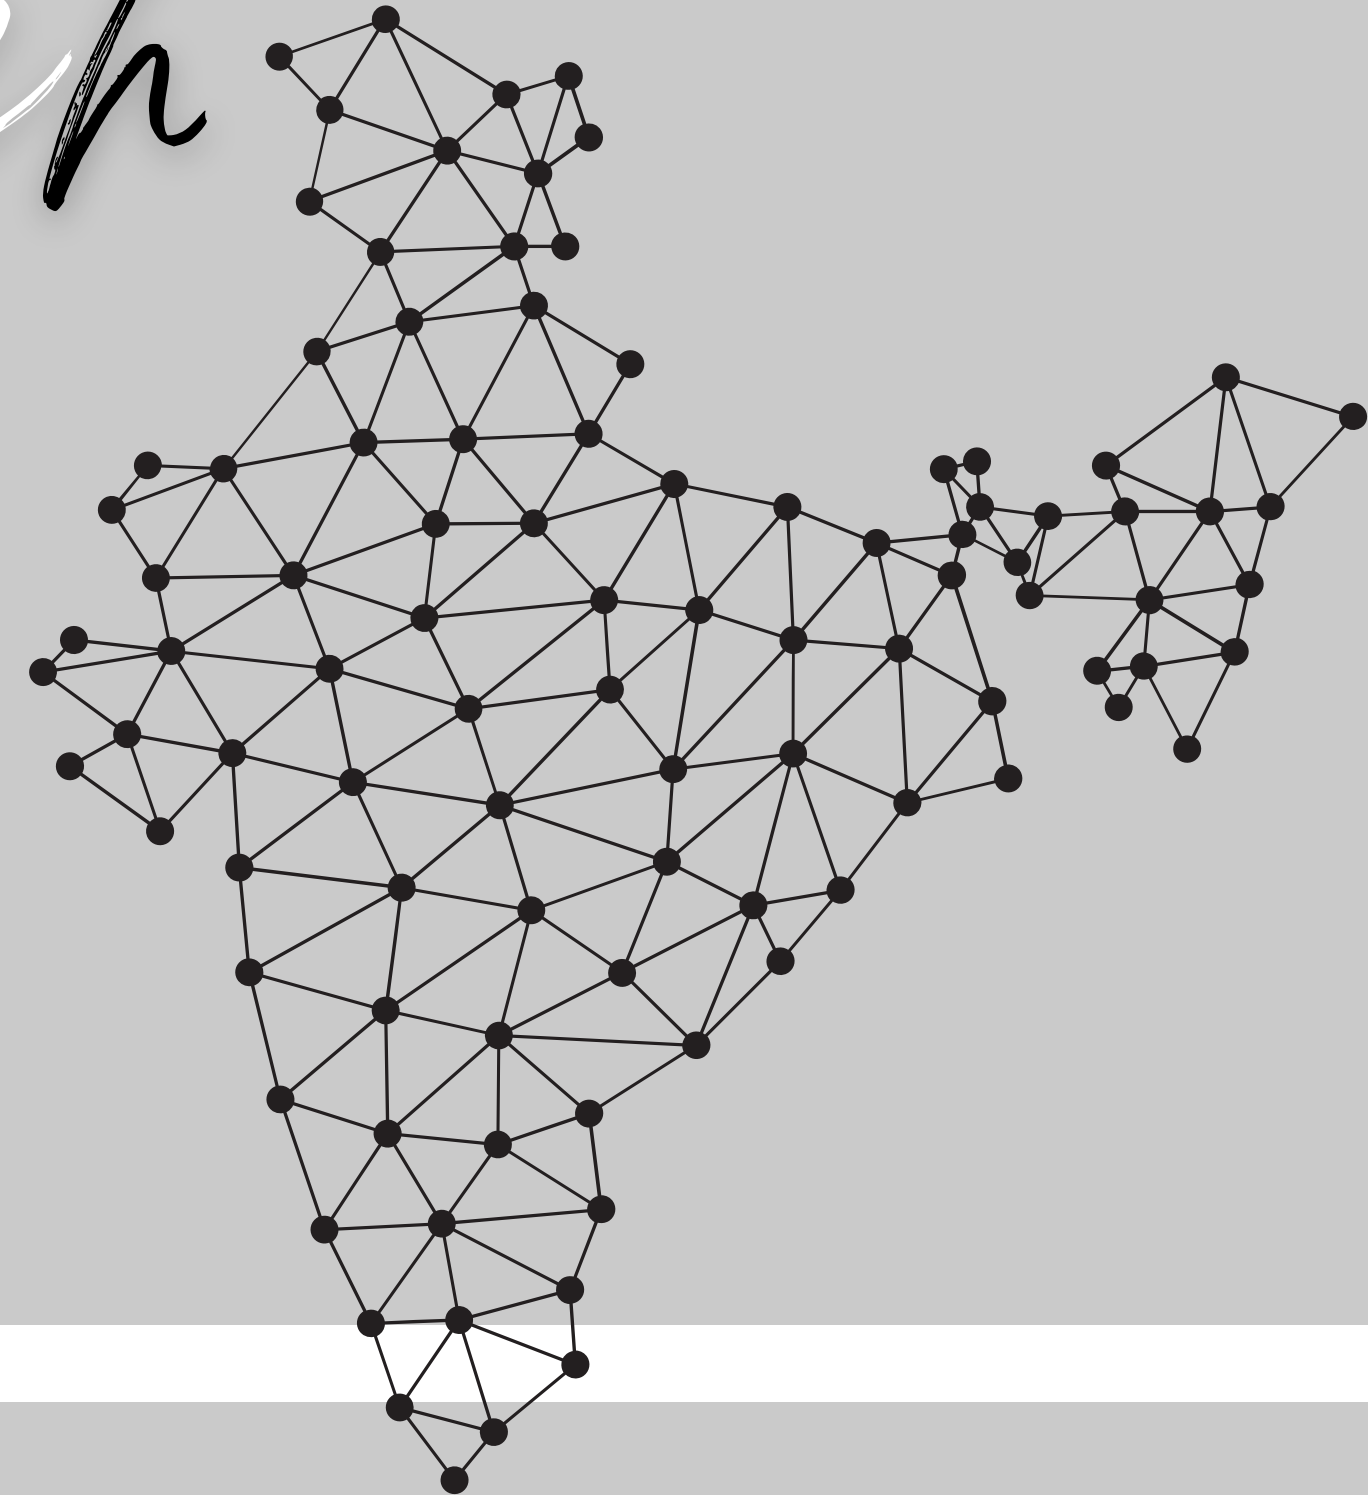

Focused on precision, transparency, quality, and timely delivery at every stage.
